## EZ Series Rolling Garment Racks

The most versatile rolling rack on the market. Assembles and disassembles in mere seconds without tools. The hang-rail extends up to 72" to hold larger volumes of merchandise, making it ideal for a host of on-floor and backroom applications. Racks nest to save space when they are not in use.

### Features:

- Attractive chrome finish
- 5" heavy-duty casters (non-marring)
- 1000 lb. load capacity
- Dual steering handles
- Ships KD - easy assembly
- Can ship UPS

### Options:

- Adjustable middle hang bar
- 3" bumpers (non-marring)
- Wire grid bottom shelf

## EZ Rack

The compact design, adjustability, durable construction and attractive chrome finish makes the EZ rack ideal for a host of on-floor and backroom applications. The top hang bar extends up to 72" to hold larger volumes of merchandise. Racks nest to save space when not in use.

Features:

- EZR-250KS includes 5" heavy-duty swivel casters (non-marring)
- EZR-250K2 upgrades 2 casters to total lock brake
- 40"L x 24"W x 56" – 73"H (adjustable)
- Attractive chrome finish
- 1,000 lb. load capacity
- Disassembles in seconds - no tools required
- Ships KD - easy assembly
- Can ship UPS

## Replenishment Equipment DHR Series

The DHR Series accommodates 2 to 3 times the capacity of standard replenishment racks. Designed with unmatched versatility, it provides significant increases in productivity and ergonomic safety. When not in use, the units nest together saving valuable floor space.

- 2" Square tube steel frame
- Accommodates hung, folded, or boxed merchandise
- "Safety Yellow" Base and Uprights
- Chrome top and middle dual hang-rails
- Load capacity – up to 1,000 lbs.
- Ships assembled

DHR-450

DHR-550

## Dual Hang Rail Rack DHR-450

The DHR-450 Dual Hang-Rail Rack allows for a higher load capacity, resulting in higher employee productivity. The middle and top shelves feature dual hang-rails along each side to accommodate hung goods. All three shelves include a wire grid for transport of folded or boxed goods. The patented Directional caster facilitates ease of movement. The DHR-450 nests when not in use, saving valuable backroom space.

Features:

- 57”L x 30”W x 63”H
- Comes with two wire-grid shelves and folding bottom shelf
- 2” Square tube steel base
- 5” Non-marring casters (1-Patented Directional, 3-swivel)
- 4” Rotating, non-marring bumpers
- Load capacity – up to 1,000 lbs.
- Ships assembled

## Dual Hang Rail Rack – DHR-550

The DHR-550 Dual Hang-Rail Rack is designed to maximize the transport of hung, folded or boxed merchandise. Replenishment teams can load more garments and make fewer trips to the floor, resulting in increased productivity. The top and middle dual-rails will carry up to 4 times the quantity of hung goods as compared to a standard rack. The patented Directional caster facilitates ease of movement. The optional Folding Bottom Shelf increases functionality, by increasing the capacity to transport boxed or folded goods.

**Features:**

- 57”L x 30”W x 74”H
- Comes standard with chrome top and middle dual hang-rails
- 2” Square tube steel base
- 5” Non-marring casters; (1- directional, 3 swivel)
- 4” Rotating, non-marring bumpers
- Units nest when not in use
- Safety yellow base and uprights
- Load capacity – up to 1,000 lbs.
- Ships assembled

## Nesting Transporters

This space-saving line of transporters has easy-access shelves that can be locked in multiple positions allowing for flexible storage as well as ease of inventory transporting and processing. Several configurations are available to maximize efficiencies in various environments capturing ergonomic benefits, as well as maximizing the efficiency of the process.

Nine units can be stored in a 4' x 5' space, saving valuable backroom square footage.

- Durable square steel tube Z-base, uprights and supports
- Heavy-duty reinforced steel frame
- 5" Non-marring casters (1-Patented directional, 3-swivel)
- Load capacity – up to 1,000 lbs.
- Shelves lock vertically for storage, horizontal or a 30° angle when in use
- 4" Non-marring bumpers standard on NT-2, NT2W, NT-2W48 and NT-3 models
- Ships assembled

NT-2

### NT-2 Transporters

The NT-2 has two nesting shelves 18" wide and a bottom folding shelf.

Features:

- Patented "Directional Caster" come standard for easy steering or unlocks and becomes a full swivel caster
- "Safety Yellow" base and uprights support risk management objectives
- Two 18" wide shelves and 24" wide bottom shelf
- High-performance 5" non-marring casters (1-directional, 3-swivel)
- 4" Rotating, non-marring bumpers (set of 4) are standard
- Load capacity – up to 1,000 lbs.
- Ships assembled

NT-3's Nested

### NT-3 Transporters

With three nesting shelves these Transporters allow product to be positioned at an angle conducive to repetitive pick and place operations. Shelves lock in multiple positions allowing better visibility, and easy access to products in multiple positions.

Features:

- Patented "Directional Caster" comes standard for easy steering or unlocks and becomes a full swivel caster
- Three 20" wide shelves
- High performance 5" non-marring casters (1-directional, 3-swivel)
- 4" Rotating, non-marring bumpers (set of 4) are standard
- Load capacity – up to 1,000 lbs.
- Ships assembled

NT-2W

### NT-2W Transporter

The NT-2W has two nesting shelves 24" wide and a bottom-folding shelf.

Features:

- Patented "Directional Caster" come standard for easy steering or unlocks and becomes a full swivel caster
- "Safety Yellow" base and uprights support risk management objectives
- Two 24" wide shelves and 24" wide bottom shelf
- High-performance 5" non-marring casters (1-directional, 3-swivel)

## Z-Racks - RGR Series

The RGR Series of rolling garment "Z" Racks deliver ease of use, ergonomic safety, and long life. The best value on the market! Super heavy-duty construction combined with high-performance 5" swivel non-marring casters provide up to a 1,000 lb. total load rating – 2 times the capacity of most other models. "Z" base allows for nesting when not in use. Choose from 4' or 5' lengths and "safety" yellow or black powder coat bases. Options include Middle Bar, Folding Bottom Shelf, and 4" non-marring, rotating bumpers.

- Heavy-duty 14-gauge steel
- 1 1/2" Square steel tube base
- Welded gussets at Z base corners for added strength
- Zinc uprights, hang rail
- Load capacity – up to 1,000 lbs.
